DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1. MARYVILLE, MISSOURI, FRIDAY, MARCH 3, 1911. NO. 228.

TO DROP HOLT CO.

SENATE PASSED BILL FOR THE CHANGE TODAY.

WOULD EVEN POPULATION

Fourth Judicial Circuit Now Has a Population of 82,000, and Fifth is Much Less.

Special to The Democrat-Forum.

Jefferson City, March 3.—The senate today passed the bill introduced by Senator Francis Wilson of Platte county to put Holt county in the fifth judicial district.

The house has not yet taken ac- The house has not yet taken any action on the bill, but probably will in the next few days.

A change is contemplated for the Fourth judicial circuit, which should be made. The circuit as it is now composed is a very large one and is comprised of Nodaway, Worth, Gentry, Atchison and Holt counties, which have a combined population of nearly 82,000.

The change to be made is to take Holt county from the circuit and place it in the fifth circuit, which is now composed of Andrew, Clinton, DeKalb and Platte, with a combined population of 65,000. By that arrangement the population of the two circuits will be more nearly the same and the work about the same.

The change will meet with the approval of a large number over the circuit. As yet there has been little opposition to it.

If the circuits are changed as contemplated by the bill, the dates fixed for holding courts in this circuit will be as follows:

In Atchison county, on the second Monday in February, second Monday in May, and second Monday in November.

In Gentry county, on the third Monday in January, third Monday in April and third Monday in October.

In Nodaway county, on the first Monday in March, the first Monday in September and the first Monday in December.

In Worth county on the first Monday in January, the first Monday in April and the fourth Monday in September.

Of course, the dates may not all be agreed to, but are likely to be about the times at which the courts shall be held.

The terms for the Nodaway county circuit court, in March, September and December of each year, is much more convenient than under the present arrangements. It will be more convenient for the farmers, as under the present arrangement the June term of court comes at a time when the farmers are usually busy. There is usually not any court for the June term on account of the busy season of the farmers.

SECURED A DIVORCE

FROM ARTHU RE. LYLE, A FORMER RESIDENT HERE.

MARRIED ONCE BEFORE

To Elihu Jones' Daughter—Lyle Was a Salesman Here in Several Grocery Stores.

The following article from the Denver (Col.) Post concerns a former Maryville young man, Arthur E. Lyle, who married Miss Lucy Jones, a daughter of ex-County Treasurer Elihu Jones of Nodaway county, now a resident of Seattle, Wash. Mrs. Lyle secured a divorce from her husband several years ago and is now the wife of Charles Bramble of Seattle.

Mr. Lyle, who was a salesman in several grocery stores in Maryville, has been in the grocery business in Denver for some time. He married again in December, 1909, and his second wife has just secured a divorce from him, and also won a damage suit the same day, as will be seen by the following article:

To secure a judgment for $1,152 damages in the district court at 11 o'clock in the morning, and a decree of divorce half an hour later in the county court was the unusual experience of Mrs. Elizabeth Wood Lyle, a graduate nurse of striking appearance, who seemed not at all disturbed by the swift change of legal scenery.

More than a year ago Mrs. Lyle, who was then Elizabeth Wood, filed suit against Charles C. and Hannah Brigham in the district court, asserting that they, as proprietors of the New York Surgical Elastic company, with offices at 735 Fifteenth street, had taken advantage of her friendliness toward them to misrepresent to her the financial condition of their business and induce her to invest $2,152 in stock in the concern. She complained that she had been an easy victim, owing to her inexperience in matters of business, and when they told her how she could assist in working up the trade, through the avenue of her own profession as a nurse, she "invested." The business failed soon after, she charged, and she asked damages in the sum of $3,452.

On Christmas day, 1909, Miss Wood forgot financial troubles and pending suits long enough to become the bride of Arthur E. Lyle, a prosperous young grocer. Things went well for a time, according to her story, and then Lyle grew cruel. She alleged that he cut her hand and threatened to break her arm, but more to be deplored than all of that, frequently subjected her to dire humiliation by denying that they had ever been married. Recently he left her, she says, and went to Portland, Ore., leaving his business in a tangled state, with countless debts, the responsibility of which fell on her shoulders.

After long delay the damage suit against the Brighams came to trial before a jury in Judge Allen's division of the district court. Mrs. Lyle had meantime filed suit in the lower court for divorce. Both matters came to a finish on the same day. The jury returned a verdict in the young woman's favor at 11 o'clock. She got into the elevator, went down to the county court on the second floor, gave her testimony, and by noon left the court house as "Miss Wood, graduate nurse."

"PEG" CONKLING ARRESTED FOR ROBBERY

"Peg" Conkling was arrested by Deputy Sheriff George Evans Friday in Maryville on a charge of having been connected with Bill Sales in stealing a watch from Harry Irvin, a young man of near Burlington Junction, while they were all loafing around the depot at Wilcox last summer. Conkling was arrested at that time, but was later released. The officers here then learned that he had a part in the case and have been on the lookout for him for several months.

Bill Sales was sent to the penitentiary in January of this year for five years when he pleaded guilty to the charge in the court. Sales is now serving his time in the pen.

Conkling will be brought up before Judge Ellison Saturday.

GRAND JURY IS IN

REPORTED FRIDAY AFTERNOON AND WAS DISCHARGED.

FOUND 54 TRUE BILLS

Not Very Many of Them for Violations of Local Option Law or for Gambling.

The grand jury came in before Judge Ellison Friday afternoon about 2:30 o'clock and reported that they had finished their work, and that they had returned fifty-four true bills or indictments. The jury has been in session since Monday afternoon, and a large number of witnesses were examined from all over the county.

Most of the indictments were for out-of-town people, we understand. Not very many of them were for violations of the local option law or for gambling. The jury had been unable to find out many violations of the local option law over the county from the witnesses they had up, which indicates that the local option law is being enforced.

A rumor has it that many indictments were for Clearmont citizens, especially the proprietor of a pool hall there, who has permitted minors to play pool without the written consent of their parents. A number of other indictments similar to the one at Clearmont were returned.

The grand jury was discharged by Judge Ellison after he made a speech complimenting them on their work and thanking them. The jury was composed of Thomas Wallace, foreman; J. R. Brink, J. F. Montgomery, C. C. Trapp, James Surplus, J. C. Spahr, W. L. Gray, Charles Lamar, Charles Beaver, John Sewell, William Miles and James Campbell.

KEEFE RESTING NICELY AFTER ACCIDENT

George Keefe, the well known insurance man, was accidentally shot while out hunting Thursday forenoon, the accident costing him his left foot, the physicians having to amputate the foot from a point three inches above the ankle.

In company with Roy Yeaman, Mr. Keefe went out hunting on the One-Hundred-and-Two river Thursday morning, at a place some distance below the brick yard, but did not find any game.

They concluded to return about noon, and had tramped back to where they left their horse and buggy, when Mr. Keefe concluded to try to bring down a crow and not go back to town empty handed.

He climbed over the fence by the road and went to a pond a short distance away and walked along the brushy growth at the edge. His gun was loaded, and in walking over a pile of brush to get a better chance at the game, the muzzle of the gun caught in the rubbish, causing him to stumble and involuntarily pull the trigger. The gun discharged its contents into his left foot, just back of the ankle, severing the large vein and shattering the foot so badly that amputation was imperative.

Mr. Keefe was shielded from Mr. Yeaman's sight by the rubbish and growth of brush, but the cries of the injured man soon brought him to his side. He carried him to the buggy and started to town with him, a phone message being sent to Dr. G. A. Nash and Doctors F. M. and Vilas Martin, who were at the hospital ready to re-receive them when they arrived. Mr. Keefe was very weak from loss of blood.

The operation was performed at once. Mr. Keefe passed a painful and restless night, but was doing nicely Friday.

REV. REED SPOKE AT THE NORMAL

NORMAL AND PIRATES TO PLAY TONIGHT

This, Friday, evening, at the Normal gymnasium, the Pirates will meet the Normals in the first of a series of three post-season games to decide the relative standing of these two fives.

The Pirates' line-up will include Bent and Vandersloot at forward, Hogan center, and Taylor and Wells guards.

The Normal will play its regular team, and with Perrin at forward should make the Pirates work hard to win. This will be the last local series to be played, as the season will close with a contest between the Normal and Platt's Business college of St. Joseph on the night of Saturday, March 11th.

An admission price of 15 cents will be charged for the game tonight, which will start promptly at 8 o'clock.

FOURTH TEAM WON FROM TRAINING SCHOOL

The fourth team of the high school defeated the Normal training school Wednesday evening in what was doubtless their most hotly contested game of the season. It was a fast game throughout. With the training school four points ahead at the end of the second half, using their team work to good advantage, and made the final score 30 to 26. Taylor starred for the high school, making seven sensational baskets. This is the first time the present line-up of the training school has been defeated by the high school, although they were defeated once before, earlier in the season. The line-ups were:

High school—Taylor, Growney, Holmes, Condon, Robinson, Cummins.

Training school—Cabbage, C. Miller, Darling, Womack, I. Miller.

Referee, Moore.

DIVORCES GRANTED

THREE MISMATED COUPLES SEPARATED FRIDAY MORNING.

ONLY ONE CONTINUANCE

The Vaughn Case Will Probably Be Settled Out of Court—Schaffer Case is Up Today.

Circuit court convened Friday morning and the divorce docket was taken up. A number of decrees of divorce were granted by the court. As usual on divorce day in court, a fair sized crowd was present and many amusing things occurred.

Zoe Mahan vs. C. C. Mahan; a decree of divorce was granted.

Ernest Fairchild was granted a decree of divorce.

In the case of Marion S. Gill vs. Catherine Gill, a decree was ordered by the court.

The divorce case of Jessie L. Goodwine against Harry Goodwine, the plaintiff dismissed the suit.

Another one continued was that of Sarah Emeline Groves against Melvin Robert Groves.

The case of Allen Tracy against Lydia A. Tracy was ordered stricken from the docket.

The suit of Mrs. Catherine Vaughn against Jeremiah Vaughn, to cancel sale of mining stock, will probably be settled out of court. This case is where a mother is suing her son to have some mining stock canceled.

In the divorce case of Alice G. Souers against Raliegh R. Souers, a decree of divorce was granted and her maiden name of Alice G. Worst was restored.

Anna L. Alden of Elmo was granted a divorce Friday afternoon by the court from Edward F. Alden. Mrs. Alden, it is said, was connected in the shooting scrape in Elmo some time ago between Alden and Denny Reece, which case was later dismissed.

Another divorce granted Friday afternoon was to Roy M. Manley from Adelia Manley.

The contested divorce case of Rosetta Schaffer against Frank Schaffer is being heard this afternoon by the court. A large number of witnesses are here from Elmo to testify. Mrs. Schaffer told on the witness stand that she had been married three times and that her two former husbands were divorced from her on the grounds of desertion. She was married to Frank Schaffer in 1907 and they lived together until January, 1910, when, according to the petition, she was ordered from his home. The case will take nearly all of the afternoon.

ROOSEVELT A CONVERT.

(The Commoner.)

Have you read ex-President Roosevelt's second article on New Nationalism? If not, read it and rejoice that he has at last thrown his influence on the side of the popular election of senators and the initiative and referendum. If he has ever specifically commended either reform before it has escaped the attention of the Commoner. He is not very emphatic now, but he can be counted on the side of those who believe in both reforms. It is now eighteen years since a Democratic congress first declared for the election of senators by direct vote; since that time nearly two-thirds of the state have endorsed the demand, and it has been embodied in three Democratic national platforms. During all these years Mr. Roosevelt has been silent on the subject. He even made no protest two years ago when a Republican national convention—which he was supposed to control—rejected it by a vote of seven to one, but he has finally spoken—and, on the right side. The present congress may submit the necessary amendment, if not, the next congress will, and the ex-president gets in in time to share in the rejoicing. Welcome! We shall soon be ready to move to make it unanimous. But let us hope that the progressive Republicans who have been advocating it for several years—not to speak of the progressive Democrats who have been advocating it for two decades—will not be asked to take a back seat at the celebration.

On the initiative, referendum and recall he is a little earlier, though not by any means a pioneer. Eight states have already adopted it, and it is probable that as many more will submit it this year. (The Democratic party of Nebraska declared for the initiative and referendum fourteen years ago.) Just at this time, when the progressive Republicans have control of several states, it is fortunate that he commends these steps in the direction of popular government. He is evidently a convert on several propositions. So far as he outlines "New Nationalism," in his second article, it is simply Democracy under another name, and the new name does not fit it as well as the old name.

DUTCH BAR OUT TINSLEY

British Steamship Magnate is Ordered to Keep Out of Holland.

Rotterdam, Holland, March 2.—Rudolph B. Tinsley, director of the Uranium steamship line, who is now in Berlin, has been prohibited from returning to Holland.

This drastic action of the Dutch authorities is the outcome of the trans-Atlantic emigrant traffic dispute which arose from Germany's refusal to permit Russians returning from America aboard the steamer Volturno to pass through Germany.

Tinsley is a British subject. The order of the crown forbidding his presence in Holland was received by the chief commissioner of police. It is based upon the law governing the residence of foreigners in Holland.

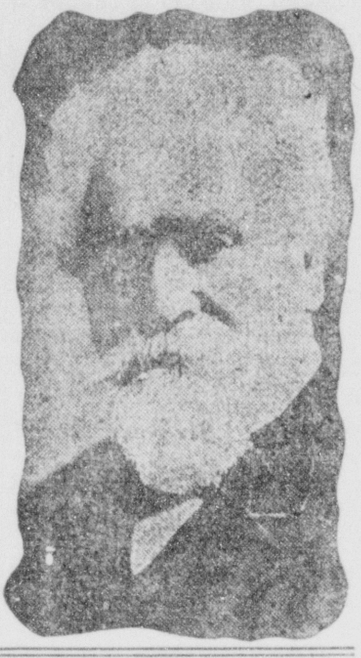
SIR HIRAM MAXIM.

He Gives to London an Important Formula For Cooking Pork and Beans.



SIR HIRAM MAXIM ON PORK

Englishman Tells Countrymen How to Cook It With Beans.

London, March 3.—Sir Hiram Maxim in a letter to the Daily Express admitting that fat pork is indigestible tells of a visit which he received from several English women who after trying the great American dish, pork and beans, asked where the pork was.

The combination they ate consisted of one pound of pork to two pounds of beans.

Sir Hiram says that when the pork in a raw state is finely minced and thoroughly mixed with the beans it apparently disappears in the baking process. The pork then is as easily digested as a piece of lean steak and, though very rich in everything the system requires, is easily assimilated.

MONTANA ELECTS MYERS SENATOR

On Seventy-Ninth Ballot He Receives All Democratic Votes.

Helena, Mont., March 3.—Henry L. Myers (Dem.) of Ravalli county was elected United States senator to succeed Senator Carter on the seventy-ninth joint legislative ballot.

A continuous joint session of seven and half hours was held by the legislature, twenty-seven ballots being taken. Myers' name was not mentioned until the last ballot, on which he received all the Democratic votes, before the result was announced. He was not an avowed candidate. Senator elect Myers' home is at Hamilton, where he is judge of the district court.

Henry L. Myers was born Oct. 9, 1862, at Booneville, Mo., where he began his scholastic training in the public schools and finished at an academy. He worked on his father's farm, taught school, became a newspaper man and finally a lawyer. He was admitted to practice in the supreme court of Missouri at the age of twenty-three and practiced for some time at Booneville and West Plains. In 1893 Mr. Myers came to Montana and located at Hamilton.

CROW OPENING BILL FAILS

House Believes It Would Give Few Men Control of Water Supply.

Washington, March 3.—The house, by a vote of 146 to 134, failed to pass the bill to open 1,500,000 acres of surplus lands in the Crow Indian reservation in Montana. The bill had passed the senate.

Opposition to the measure developed on the ground that the opening of the additional lands would give a few people a chance to gain control of the water supply and would operate in the interests of certain cattlemen in Montana.

Though it received a large majority of votes the measure failed because it did not have the two-thirds necessary to its passage.

Kansas City, March 3.—A 500-pound bell, purchased by small subscriptions by the parishioners of the Holy Name Catholic church of Rosedale, Kan., a suburb of this city, was stolen from the church yard, where it lay waiting to be hoisted to the new belfry. The thieves were arrested as they were about to dispose of the bell at a junk shop in this city.

SENATE TO VOTE ON TARIFF BOARD

Upper House Resumes Consideration of Bill.

APPROPRIATION BILLS RUSHED.

Senator Owen Insists on Formal Reading of Measures to Kill Time, but Clerk Makes Rapid Progress—Bills Quickly Passed.

Washington, March 3.—The senate has agreed to vote on the permanent tariff board bill tomorrow. It is understood that the appropriation bills will be passed prior to that time.

The senate resumed consideration of the tariff board bill at 12:30 o'clock this morning. Until that hour the night session was occupied with the postoffice appropriation bill, laid aside in an uncompleted state shortly after midnight. A contest was immediately started between Senator Hale, who wanted the senate to proceed with the naval appropriation bill, and Senator Beveridge, who pressed for consideration of the tariff board measure. It required a roll call to decide the issue in favor of Senator Beveridge, the senate declining to proceed with the naval bill by a vote of 26 to 37.

Pension Bill is Passed.

McCumber called up the pension appropriation bill. This had the effect of laying aside the tariff board bill temporarily.

The Democrats offered no objection to the pension bill, carrying $153,000,000, until Senator Scott attempted to put the Sulloway general service pension bill on the appropriation measure as a rider. The Sulloway bill would add about $50,000,000 to the annual roll and would grant pensions to all veterans of the civil war who had served ninety days and had reached the age of sixty-two years.

Senator Lodge saw trouble coming and had made a point of order on the amendment, declaring it to be an attempt to put general legislation on an appropriation bill.

Vice President Sherman sustained the point of order and the regular appropriation bill then was passed.

Bills Quickly Passed.

Following the disposition of the pension bill, the senate took up and quickly disposed of the diplomatic and consular bill, carrying about $4,000,000, and the fortifications bill, carrying $5,000,000. It had required just fifteen minutes to get these three supply measures out of the way. This was too rapid work to suit the plans of Senator Owen, and when the military academy appropriation bill, carrying $1,800,000, was taken up he began a little filibuster. He first insisted that he would not consent to dispense with the first formal reading of the bill covering thirty-four pages. Several senators, Democratic and Republican, gathered about the senator's desk and pleaded with him not to stand in the way of the supply bills.

"I want to force an extra session," he told them. "This congress has no moral right to pass these measures."

While the senator was engaged in explaining his attitude the reading clerk, "through pure inadvertence," overlooked about fifteen pages of the bill and the first thing Senator Owen knew the bill was being read a second time for amendments.

Owen Obstructs Progress.

When the postoffice appropriation bill was taken up at the night session Senator Owen indicated he would continue obstructive tactics. Under his demand the postoffice bill was ordered read. He tried also to obtain an explanation of the various items, but Vice President Sherman said he had no power to compel members to make speeches.

"The senator from Oklahoma is a member of the postoffice committee and if he is not familiar with the bill it is his own fault," sharply interposed Chairman Penrose, who was in charge of the measure.

The reading continued and when Owen's attention was taken by conversation with one of his colleagues, the clerk managed to get through about thirty pages in less than five minutes. When Owen learned of the clerk's rapid progress he looked skeptical, but apparently he realized that an objection would be useless.

CANADIANS SCORE TREATY

Indication That Debate Will Last Far Into Summer.

Ottawa, Ont., March 3.—Further liberal denunciation of the pending reciprocity agreement with the United States characterized the program in parliament.

Indications continue to point to a protracted debate and long session.

As viewed today the coronation is the only thing that will prevent parliament from sitting all summer and it is predicted that even that event will not bring the end of the reciprocity debate in sight.

Sir Wilfrid Laurier will leave for England about May 12 to attend the imperial conference and the coronation. It is said that Mr. Brodur, the naval minister, and Sir Frederick Borden, the militia minister, probably will accompany Sir Wilfrid and that Ministers Fielding, Graham and Sir Alan Aylesworth may be in the party.

The Best on the Market

Farmers Attention

You will need some Implements this spring, and we are in a position to supply you better than ever, because all of our goods are brand new, right from the factory for 1911. We have **Kingman, Oliver and Pattee** goods. None better in the land. **Patee Cultivators, the New Departure line.** We have this favorite Cultivator in six different styles. We let the farmer be the judge on these Cultivators. The Pattee Plow Company of Monmouth, Ill. (in the corn belt of the world), makes nothing but Cultivators, therefore doesn't it stand to reason that they would build better Cultivators than the factories that build everything from a double-shovel to an automobile? You never heard of any Pattee automobiles yet. When you do it will be an automo-cultivator. Come in and see for yourself.

Superior Grain Drills, best by test. Full line of Kingman good Gang Plows, Corn Planters, Etc.

Oliver Plows, gangs and sulkies. None better.

When you are in need of an implement and want the best, come and see, or take ours out and give it a trial and you be the judge.

AS TIME TALKS FOR SAGES.

Some Quoted Epigrams Originally Were Considered Sentences.

(Harper's Weekly.)

At the recent centenary of Horace Greeley's birth the newspapers very generally, including the journal which he founded and which he edited for a third of a century, quoted him as urging in his paper, "On to Richmond!" Instead of "on" a much more aggressive word was employed. Here is the entire expression in which these words figured:

"Forward to Richmond! Forward to Richmond! The rebel congress must not be allowed to meet there on the 20th of July. By that date the place must be held by the national army."

This paragraph appeared at the head of the New York Tribune's editorial columns on June 26, 1861, and was repeated for several days. Undoubtedly it was one of the influences which impelled General McDowell to advance before he was ready, and the disaster at Bull Run on July 21 was the consequence. Greeley afterward denied that he was the author of the slogan, but as editor of the Tribune he accepted responsibility for its publication.

In the school books of long ago we were thrilled by the response, "Millions for defense, but not one cent for tribute," which was ascribed to Charles Cotesworth Pinckney, one of our special envoys in Paris, when he was told by a representative of the directory, which governed France at the time, that immunity by our merchant vessels from attack by French warships could not be gained by us except by paying for the favor. What Pinckney did say was, "No, no, no, not one sixpence." The fictitious answer, however, lends itself better to sonorous declamation, and has persisted.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

PRINCESS SLAIN BY LIEUTENANT

Lady in Waiting to Queen Helena Stabbed by Lover.

LATTER THEN SHOOTS SELF.

Woman Sent Check to Baron Paterno and Creditor Uses It for Blackmailing Purposes—Victim Summoned to Appear in Divorce Proceedings.

Rome, March 3.—Princess di Trigona, a lady in waiting to Queen Helena, niece of Marquis di San Giuliano, the Italian minister of foreign affairs and cousin of Prince di Scalea, secretary of state in the foreign office, was murdered in a small hotel here by Lieutenant Baron Paterno, a cavalry officer, who then shot himself.

Paterno was still alive when the room occupied by the couple was entered by hotel employees, but the princess was found lying dead on a bed. She had been stabbed in the neck and bled to death.

Princess di Trigona was one of the most beautiful ladies in waiting to the queen, and her tragic end has caused a sensation. She had had a disagreement with her husband, which deeply grieved the queen. Her majesty used every influence to reconcile the couple, but without success.

Baron Paterno, who has been in close attendance on the princess for some time past, engaged a room in a small hotel in the morning. Soon he was joined by Princess di Trigona and they remained together until afternoon.

A waiter passing through the hall heard a pistol shot, followed by groans. An attempt was made to break in the door, but this proved too strong to be forced and employees entered the room by a window.

Body Found on Bed.

The princess, half dressed, lay on a bed. A dagger had severed the blood vessels in the neck. Paterno was out stretched on the floor. There was a bullet wound in his breast, made in an evident attempt to commit suicide, but he was still alive and was quickly removed to other quarters.

The princess had been summoned to appear before the courts in separation proceedings brought by her husband. Both she and Paterno were Sicilians. Last summer the princess was at Saint Meritz, with her two daughters, who are seven and fourteen years old, when she received a letter from Paterno explaining that his debts prevented him from joining her.

She was touched by Paterno's recital of his embarrassment and sent him a check, which he turned over to one of his creditors. This creditor it is said, instead of cashing the check used it for blackmailing purposes against Princess di Trigona, thus revealing the scandal.

It seems the princess intended the meeting to be the parting with her lover. When Queen Helena was informed of the tragedy, she fainted.

FIST FIGHT IN LEGISLATURE

Two Members of Kansas House Come to Blows Over Defeat of School Bill.

Topeka, March 3.—The monotony of the Kansas legislative session was broken by a fist fight between Representative McCormick of Pittsburg and Representative Stone of Topeka. The house, by a close vote, had killed the bill to divorce the Emporia and Pittsburg normal schools and McCormick held Stone responsible. During the noon recess McCormick assaulted the Topeka member and struck him a heavy blow with his fist. Members separated the two men.

AN UP-TO-DATE DRUGGIST

says it is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equaling our grandmothers' "sage tea" has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer.

Nowadays when our hair comes out or gets faded or gray instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur Hair Remedy.

Druggists are authorized to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

A NEW YEAR THOUGHT.

New times demand new measures and new men;
The world advances and in time outgrows
The laws that in our father's day were best;
And, doubtless, after us some purer scheme
Will be shaped out by wiser men than we,
Made wiser by the steady growth of truth.
The time is ripe, and rotten-ripe, for change;
Then let it come; I have no dread of what
Is called for by the instinct of mankind.
Nor think I that God's world would fall apart
Because we tear a parchment more or less
Truth is eternal, but her effluence,
With endless change, is fitted to the hour;
Her mirror is turned forward, to reflect
The promise of the future, not the past.

—James Russell Lowell.

A CORROBORATION.

Of Interest to Maryville Readers.

For months Maryville citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.

Would these prominent people recommend a remedy that had not proven reliable?

Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

No stronger proof of merit can be had than cures that have stood the test of time.

The following statement should carry conviction to the mind of every Maryville reader.

G. S. Kemp, R. F. D. No. 1, King City, Gentry county, Mo., says: "I give Doan's Kidney Pills my endorsement and I willingly confirm the statement I made in their favor some years ago. This remedy has been of great benefit to me and I advise other kidney sufferers to give it a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DEATH RATE IN CHINA 200 DAILY

Known Fatalities From Famine and Plague 30,000.

ONE MILLION EXPECTED TO DIE

Local Authorities Careless and Ignorant of How to Maintain Adequate Sanitary Measures—Both Supplies and Funds Are Lacking.

Peking, China, March 3.—The known deaths to date from famine and the plague number 30,000 and, according to the official statistics, the death rate averages 200 daily. But the officials have little knowledge of the conditions in the interior, or if they have they are not permitting the facts to become known.

It is impossible even to estimate the number of deaths that have resulted from lack of food. Dr. Samuel Cochran, an American who is engaged in the work of relief, writes:

"One million people will die before the first crop is harvested. This will be scanty, because the people have not the strength to till the soil and no animals remain for plowing."

Local authorities, including the police and soldiers, in former epidemics left the people to die; now they do not care or do not know how to maintain adequate sanitary measures. Although the central government has issued explicit orders and many of them, both supplies and funds are lacking.

UPROAR IN COMMONS

Balfour Charges British Government With False Pretenses.

London, March 3.—There was a revival of interest when the veto bill approached the conclusion of its second reading stage.

A. J. Balfour summed up the views of the opposition on familiar lines, claiming that the hereditary principle was all right if the house of lords were so formed as to make it the servant rather than the master.

The present bill Mr. Balfour described as the result purely of coercion brought by the Irish party on the government. The former premier declared that the consequences of the measure, if adopted, would be disastrous to the country, and in a heated outburst continued:

"The government has imposed its proposals on the country by fraud."

This declaration threw the house into an uproar and there were cries of "withdraw." Speaker Lowther, however, ruled that the term, "by fraud," could be applied to a party without an infringement of the rules of the house.

Premier Asquith, who followed, said the charge of fraud and the pretense that the liberals were prosecuting the veto bill as a result of party exigencies were the flimsiest ever made in the house of commons.

RAIL OFFICIALS TO MEET

Will Discuss Rate Situation in New York Next Tuesday.

New York, March 3.—A general meeting of officials of railroads in official classification territory to discuss the situation in relation to the rate question was arranged for at a conference here of the presidents of four leading trunk lines. Those attending the conference were Presidents McCrea of the Pennsylvania, Willard of the Baltimore and Ohio, Underwood of the Erie and Brown of the New York Central, together with a number of general counsel for these and other railroads.

Arrangements were made for calling a general meeting to be held in this city, Tuesday, March 7, to be attended by all interested lines.

5 LASHES FOR WIFE BEATER

Frank McCauley of Baltimore Is Whipped and Then Sent to Jail.

Baltimore, March 3.—The spectacle was witnessed in the criminal court here of a white man, who had brutally beaten his wife, pleading for mercy with tears streaming down his face when he heard the sentence of five lashes at the whipping post and imprisonment in jail. But there was no mercy, because testimony showed that Frank McCauley struck his wife seven or eight times, choked her and then took from her more than $20.

OUTLAW BAND WIPED OUT

Twenty-Five Shot to Death by British Soldiers in India.

Peshawur, British India, March 3.—The notorious outlaw, Hakim Khan, who has been for years a thorn in the side of the northwest frontier forces, was surprised with thirty of his followers in a cave by a British force, under command of Lieutenant Colonel Sir George Roos-Keppel. Hakim Khan refused to surrender and a machine gun sent lead into the den until all but five of the party were killed.

Missouri Solons Commend Senators.

Jefferson City, Mo., March 3.—The Missouri senate adopted a resolution commending United States Senators Stone and Warner for voting against Senator William Lorimer in the United States senate.

SOCIETY NEWS.

Many Women Now Doing Without False Hair.

Rats and other false paraphernalia for the upbuilding of woman's thinned out hair may be necessary, but the sight is far from pleasing.

With care nature can supply to most women all the hair necessary for attractive dressing.

Many thousands of women, refined and educated, have learned that it is not hard to have, and to keep an abundance of lustrous hair, if Parisian Sage, the hair grower, is used daily.

Since its introduction into America, Parisian Sage has become a prime favorite with women who desire luxuriant hair that will not fall out or turn gray, used daily it will keep the scalp immaculately clean; will stop itching and falling hair, and remove every particle of dandruff.

It causes the hair to grow because it is able to penetrate into the roots, where it, besides nourishing the hair, destroys the dandruff germs. The Koch pharmacy and druggists everywhere guarantee Parisian Sage to do exactly as advertised or money back. A large bottle only costs 50 cents, and it is a most invigorating and refreshing hair dressing. The girl with the Auburn hair is on every package.

Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic touble, constipation, but from indigestion, headache, belching, sour stomach, drowsiness after eating and similar annoyances. It is first of all necessary to keep the bowels open and then to tone the digestive muscles so as to get them to again do their work naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, a mild, gentle, pleasant-tasting laxative tonic that is especially adapted to the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisher's of Sycamore, Ill., and Mrs. Carrie Culler's of 325 N. Notre Dame street, South Bend, Ind., are now never without it in the house. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 509 Caldwell building, Monticello, Ill.
